6-9 or 6-10?

Point of View

Why is the range for a single raise sometimes 6-9 points, or sometimes 6-10 points?

Similarly a limit raise might be shown as 10-12 points or 11-12 points. Shouldn't there be a precise range?

What do you do with a 10pt Hand?

Better Bridge Magazine asked two experts this question.

Fred Gitelman-Gold metalist and Bill Gates
 Coach

 Henry Francis-Hall of Fame member and the editor of the Official Encyclopedia of Bridge

5 Reasons To Value Your Hand 10 +
